

**Remarks**

In the Notice of Non-Compliant Amendment mailed September 8, 2009, the Examiner indicates that the Amendment filed on May 13, 2009, is non-compliant because "[c]laims 1-9 do not have status identifiers indicating that the claims are cancelled . . . ." Applicant submits a new "Amendments to the Claims" section that includes the correct status identifiers to claims 1-9. Accordingly, the Amendment is now in compliance with 37 C.F.R. § 1.121, and Applicant awaits an Action on the merits.

Applicant respectfully requests reconsideration of this application and reexamination of the pending claims in view of the Remarks provided in the Reply to Office Action filed on May 13, 2009, and in view of the listing of claims included herein.

Please grant any extensions of time required to enter this response and charge any required fees to our deposit account 06-0916.

Respectfully submitted,
